ABOUT COMPANY

SURGISTERILE SOLUTIONS PVT. LTD. is the leading Distributor Importer and Exporter of Sterile and Non- Sterile Surgical Products. We connect our broad portfolio of Medical and surgical Products which are used in hospitals clinics, Medical institutes, Hotel, Restaurant, Chemical Industries and Personal care with strong technological competencies to meet the market's need for reduced complexity and more efficient treatments.

Our products are very well accepted by the medical fraternity and are supplied all over India to Central and State Government Health Departments, Corporate Hospitals, Institutions Nursing Homes and Retailing Chemists. It is noteworthy that we have our channel of private markets through Marketing Agents and Distributors.

VISION & MISSION

Vision

“To be the most trusted global partner in delivering safe, innovative, and accessible healthcare solutions.” We envision a world where quality healthcare products are within everyone’s reach. SURGISTERILE aims to bridge the gap between demand and supply by offering premium surgical disposables through ethical sourcing, strategic logistics, and continuous service excellence. We strive to set new standards in healthcare delivery, contributing to healthier communities through responsible practices and long-term collaborations.

Mission

“To enhance lives by delivering reliable medical essentials that support safe and effective healthcare delivery.” Guided by values of integrity, responsiveness, and innovation, our mission is to consistently provide healthcare professionals with dependable products that meet global standards. We focus on timely distribution, strict quality control, and proactive customer service. Our goal is to simplify procurement for our clients while promoting well-being through every product we offer — whether it’s gloves, gowns, or critical care supplies.

WHY US?

We craft our products to deliver maximum safety, comfort, and user convenience. Built with an emphasis on dependability, ease of use, and strict compliance with industry benchmarks, they provide a secure and seamless experience — empowering professionals to deliver the best care with complete assurance.

Our team works closely with the nursing staff and Operation Technicians in healthcare facilities to understand their specific requirements and provide customized solutions to their surgical products and sterilization packaging requirements.
